ABOUT ME

- Leadership
- Team work
- Proactive
- Passionate Builder
- Creative thinking

MY PRODUCTS & STARTUPS

- [PlayPong](#): Ping pong scoreboard app to track matches, stats, and group rankings—keeps friends competitive.
- [Clind](#): Minimal task manager that clears mental space, prioritizes tasks, and enables deep focus (subscription-based).
- [Seoggestion](#): SEO analyzer providing practical suggestions to optimize content and boost search rankings effortlessly.
- [Solutionsfa.st](#): Curated platform showcasing problem-solving products built by makers, focused on real solutions.
- [Compralista.app](#): Real-time collaborative grocery list app for families and groups to share and manage shopping easily.
- [Next Mile Club](#): Milestone tracker for builders: set goals, run challenges, track progress publicly, and grow your audience.
- [Replier](#): Chrome extension to boost X (Twitter) engagement by multiplying replies, reach, and stats.

PROFESSIONAL EXPERIENCE

Founder & Product Engineer

Huevsite Studio / Sept. 2024 to present.

Built and launched multiple SaaS products from scratch: ideation, design, full-stack development, marketing, and growth. Also delivered custom projects for clients.

Front End Developer

Kleva / Nov. 2025 to Jan. 2026.

Maintained and scaled the dashboard for voice AI campaigns, handling user uploads of voice agents in a production environment.

Full Stack Developer

Sidetool / Feb. 2025 to Nov. 2025.

Built and maintained scalable applications for clients with React, TypeScript, and Next.js. Delivered UI components, integrated APIs, and improved UX in collaboration with product teams.

STUDIES

Prompt Engineering

Udemy / April 2025 - June 2025
